

Phoenix Consulting Group

PARTNER DEVELOPMENT

Phoenix Consulting Group LLC is a management consulting firm focused on best practices in collaborative business models. Founded in 2002, our business is grounded on the principle that companies can achieve accelerated growth through the virtual economies of partner networks. Partner networks are sources of

innovation to extend your company value proposition to new markets of customers. PhoenixCG stays on the forefront of collaborative best practices through active leadership in advancing standards in collaborative business practices and professional certification. Our management consultants combine strategic

perspective with practical professional experience ensuring we deliver actionable recommendations that have real world relevance.
